With encouragement, inspiration, sincerity and splashes of humor, the Ferrinis share practical and creative ways to

**GROW** Spiritually...

**LIVE** Abundantly...

**OVERCOME** Challenges in Life...

and **ENJOY** the Journey!

As seasoned speakers and authors, they share from God's word and their hearts... resulting in changed hearts, minds, and lives of those ready and willing to take that next step.

Their life journey has prepared them to encourage those experiencing challenges in their life, who want to make changes, and who are interested in growing spiritually through God's word, the Bible. Born, raised, and living in the Cleveland, Ohio area, Joe and Cindi have been active in ministry together since 1979.

They share what they've learned by helping others to:

- Ask the important questions to help them take the next step in a right and positive direction in one's marriage and life.
- Persevere through tough places in life and deepen their walk with God.
- Move from a place of comfort and ease to learning to EMBRACE what is right.
